## SNOWSTORM IS GENERAL

SOUTH AND EAST STATES ARE  
HARD HIT BY SLEET, SNOW  
AND RAIN.

### LOCAL CONDITIONS BETTER

Snow Continues Throughout Night  
Mercury Rises Thirteen Degrees  
This Morning—Warmer  
Friday.

The snow which began falling yesterday continued through last night and until about ten o'clock this morning, attaining a depth of about three inches. The hard wind which shifted from the north to the east yesterday is not in evidence today. Before noon the sun was shining brightly and the mercury had traveled back to 24. It showed 11 degrees at 8 this morning.

With the appearance of the sun comes the disappearance of the snow. Trains Off Schedule.

The snow storm played havoc with railway service. While the trains coming from the south were about on time, the south bound Frisco trains are being delayed several hours by the bad conditions in Northern Oklahoma, Kansas and Missouri. The train last evening was about four hours late and the morning train, today was three hours or more behind the schedule.

The telephone and telegraph systems suffered little.

Weather to Moderate.  
A good freeze will be experienced tonight. The forecast for tomorrow is fair and warmer.

#### IN ARKANSAS.

Little Rock, Ark., Feb. 16.—A blizzard carrying rain, snow and sleet swept all of Arkansas today and tonight, doing but little actual damage, according to reports received thus far, but carrying with it a marked drop in the thermometer. It has been unusually warm here and elsewhere in the state for several weeks and the sudden drop in temperature may work a hardship. Ten inches of snow is reported tonight at Rogers, Ark. Thunder and lightning accompanied the sleetstorm at Hot Springs. Snow and sleet at Hoxie, Helena, Texarkana, Jonesboro and other points are reported.

#### IN MISSOURI.

St. Louis, Mo., Feb. 16.—The worst blizzard of the winter is causing much suffering in this city and throughout Missouri and Southern Illinois.

The temperature here dropped from 65 degrees yesterday afternoon to 16 tonight with zero and fifteen inches of snow promised by the weather bureau before morning. The snow, driven by a fierce wind, is paralyzing street car service, while train service is becoming demoralized.

#### IN ILLINOIS.

Mt. Vernon, Ill., Feb. 16.—All southern Illinois was struck by a blizzard today. Fifteen inches of snow is promised. Railroad traffic is almost at a standstill.

#### IN TENNESSEE.

Memphis, Tenn., Feb. 16.—With temperatures rapidly receding, the storm of sleet and snow, which is general over this state and Arkansas tonight, promises to leave in its wake the coldest weather of the winter. In Central and Southern Mississippi a cold drizzle is falling and temperatures are dropping.

#### IN OKLAHOMA.

Shawnee, Ok., Feb. 16.—The worst blizzard in twelve years swept over this vicinity this morning, with a heavy fall of snow and sleet that blocked traffic. About three inches of snow fell, drifted by a cyclone wind. During the blizzard there was much thunder and lightning. The mercury in the city registered from 10 to 20

## FEE AND SALARY AGREEMENT MADE

### BILL IS REFERRED FOR RE- DRAFTING

Committee of Six to Have Charge  
of Redrafting Section Which  
Fixes Salaries

Guthrie, Okla., Feb. 17.—Agreement  
was reached in the Senate's Demo-  
cratic caucus, referring the fee and  
salary bill to a committee of six to  
redraft that section which proposes  
to fix the salaries of district and  
county officials, using the Smith bill  
as a basis. The Indiana and Califor-  
nia ideas are to be abandoned, under  
caucus instructions, thus insuring the  
legislation to a great extent on a  
basis of population. On the commit-  
tee are Senators Graham, Eggerman,  
Redwine, Smith, Thomas and Sor-  
rels, representing the factions that  
have been supporting or opposing the  
Smith bill, from the viewpoint of  
each county. It is believed the ac-  
tual basis of the Smith bill will be  
lifted to a point where it will be ac-  
ceptable, at least, to the Senate.

#### Kills Guardianship Bill

By a majority of the vote the Sen-  
ate killed the bill by Mr. Stewart pro-  
viding that the marriage of a minor  
ward terminates the guardianship as  
to personal property, but the Sen-  
ator from Hugo lodged a motion to  
reconsider. Several East Side Sen-  
ators opposed the measure.

"When a white man marries an In-  
dian girl over in the Eastern part  
of the State," said Senator Stewart  
in defense of the bill, "the next  
morning he goes forth with an axe  
and begins to blaze a trail through  
the woods. He complains about his  
wife's neighbors cattle eating 'our'  
grass, the white man shooting 'our'  
game and drinking 'our' branch wa-  
ter. You would think that he owns  
the universe. To perpetuate this idea  
will create strife between white peo-  
ple and the Indians. The most im-  
portant thing for a white man in  
Eastern Oklahoma is to be able to  
get a home."

The Senate passed finally the bill  
by Senator Williams, appropriating  
\$155,000 for care of the insane at  
Norman, and recommended for pas-  
sage the bill by Senator Blair, legal-  
izing bond issues of incorporated  
towns, cities or districts.

#### Tax Board Bill.

The House reconsidered its action  
of several days ago and passed the  
Administration bill to create excise  
tax boards, and limiting the amounts  
of tax levies unless voted by the peo-  
ple. The vote was 58 to 35. The Re-  
publicans voted against the measure  
and for this reason the emergency  
was defeated. Cities are limited to  
seven mills, incorporated towns to  
five mills, townships three mills,  
districts for common schools to five  
mills, but these may be increased to  
the limits fixed by the Constitution,  
if a majority of the people so vote,  
and 50 per cent of all qualified elec-  
tors participate in the election. Mr.  
Vogel tried to have the township  
levy increased to five mills, but was  
voted down.

The bill fixing procedure for leas-  
ing land to minors, for oil, gas and  
mineral purposes, was under dis-  
cussion in the House without action  
being taken.

#### Vogel Resolutions

Mr. Vogel secured adoption of his

resolution calling for records, books,  
etc., of the State dispensary, dating  
from the time it was inaugurated  
and covered by the special report  
made by State Examiner and Inspect-  
or Taylor, and for a special report  
to be made by the House Investi-  
gating Committee. The resolution was  
laid over from yesterday, and when  
reached today the author moved its  
adoption, which carried without a  
dissenting vote. Democrats were ap-  
parently not acquainted with its  
contents until after the vote had been  
announced. Of the large batch of res-  
olutions offered by Republican mem-  
bers looking to a probe of the State  
departments this is the first that had  
failed of reference to the Investi-  
gating Committee.

The House in committee of the  
whole killed the bill proposing to li-  
cense architects. New bills in the  
House were: By Mr. Jones, authoriz-  
ing County Commissioners to sell  
real estate belonging to counties; Mr.  
Watrous, making second-grade teach-  
ers' certificates valid in any county  
of the State; Mr. Sullivan, for listing  
and taxing property on mining leases,  
and Mr. Heim, for repeal of the State  
dispensary law, and providing for  
winding up of the affairs within ninety  
days, liquor on hand to be sold  
and thereafter that confiscated to be  
destroyed.

#### Election of Senators.

Mr. Vogel offered a bill requiring  
the placing of names of party candi-  
dates for United States Senator on  
the general election ballot and adopt-  
ing the Oregon and Nebraska idea  
for the Legislature may say that  
they will support the candidates for  
United States Senate who receive  
the highest number of votes; or that  
they will accept such vote as a rec-  
ommendation, or that they will dis-  
regard the vote entirely. It is pro-  
posed that the candidate receiving  
the highest number of votes in the  
general election shall be declared the  
United States Senator, irrespectively  
of the political complexion of the  
Legislature.

New Senate bills were: By Senator  
Keys, to appropriate \$10,000 for the  
orphans' home at Pryor Creek; by  
Senator Taylor, to regulate the sale  
of cocaine; by Senator Browlee, to  
discontinue school districts where  
the number of pupils is below ten.

The house accepted the resignation  
of W. H. Ebey of Ada as chief clerk,  
who retires on account of private  
business; advanced to that place Al-  
bert Shields of Enid, the calendar  
clerk, and appointed Clarence Black  
of Lawton to succeed Mr. Shields.

The House voted to appoint a com-  
mittee of three to attend the North-  
western Irrigation congress to be  
held in Guymon, March 1 and 2.

A message from the governor to-  
day suggested an appropriation for  
repairs on the Edmond Normal  
school buildings.

The governor today signed the bill  
permitting counties to purchase build-  
ings from the Federal government, or  
an Indian tribe, for court houses or  
jails.

#### "CARE FOR CATS," LAST WORDS.

St. Louis, Mo., Feb. 17.—Realizing  
he was about to die and that two  
cats, his constant companions, and  
his only solace, might starve, George  
Snyder, 98 years old, crawled over a  
mile yesterday to beg a neighbor to  
care for them. He expired, muttering  
plaintively, "Feed my cats." The  
neighbor sent for the cats, declaring  
he would provide for them as long  
as they lived. Snyder was St. Louis  
county's oldest resident, and lived the  
life of a hermit in a shack near Eu-  
reka.

#### MINE HOISTERS QUIT.

Butte, Mont., Feb. 17.—A shut down  
of all mining operations in the Butte  
district is threatened by the action  
of a majority of the hoisting engi-  
neers in deserting their posts Wed-  
nesday morning when concessions  
from mine owners in the matter of  
jurisdictional disputes, were not  
forthcoming. The men involved are  
members of the International Engi-  
neers' Union.

## FIRE ALARM

It is understood by all concerned  
that a more uniform system of hand-  
ling a "Fire Alarm" be adopted, to  
be as follows:

1. The Alarm shall be given to  
the Central operator, giving the Ward  
and nearest street crossing. The party  
turning in the Alarm shall stay at  
telephone until they receive the O K  
from the operator.

2. The operator shall then give  
the address to the driver at the fire  
station.

3. The operator shall then turn  
the Alarm to the general Alarm, The  
Whistle. The Engineer shall (is):

give friek whistle followed by—

#### DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of  
Its Distinctiveness.

The ladies who have used Newbro's  
Herpicide speak of it in the highest  
terms, for its quick effect in cleansing  
the scalp of dandruff and also for its ex-  
cellence as a general hair-dressing. It  
makes the scalp feel fresh and it allays  
that itching which dandruff will cause.  
Newbro's Herpicide effectively cures  
dandruff, as it destroys the germ that  
causes it. The same germ causes hair to  
fall out, and later baldness; in killing it,  
Herpicide stops falling hair and prevents  
baldness. It is also an ideal hair dress-  
ing, for it lends an aristocratic charm to  
the hair that is quite distinctive. Sold  
by leading druggists. Send 10c. in stamps

#### ARMY OFFICER RELIEVED.

Spokane, Wash., Feb. 17.—Major J.  
M. T. Partell, commandant at Fort  
George Wright since the relief of  
Lieut.-Colonel Abercrombie, was Wed-  
nesday relieved of the command pend-  
ing a final settlement of affairs at  
the fort, and Major Francis J. Ker-  
nan succeeded to command. General  
Maus, commander of the department  
of the Columbia, gave the following  
statement: "Lieut. Col. Abercrombie  
was relieved because of his poor  
administration of his post and his in-  
ability to get along with the officers  
under his command was shown by  
the report of the inspector general of  
this department."

#### QUARREL END IN TRAGEDY.

Chicago, Feb. 16.—Drawing a re-  
volver from a drawer of a table in  
his real estate office, Jacob Bezdek  
shot and instantly killed Bruce Mor-  
gan, after the latter threatened to  
shoot him unless he turned over \$1-  
500 which was in the safe. As Bez-  
dek fired the shot which killed Mor-  
gan, the wounded man fired two  
shots, one of which struck the real  
estate dealer in the head, causing a  
serious wound. Morgan entered the  
office while Bezdek was talking with  
two of his friends.

## HAD REFERENCES FROM M'KINLEY

OLD GENTLEMAN FROM CALIFORNIA ASKS FOR HELP.

Hits United Charities for Railroad Fare to Lehigh—Best Grocery.

man in the State.

It seems that Ada is headquarters for those knights of the road who make it a habit to ask for aid when they fall into town. As one of them leaves the quarters of the local United Charities association another comes in.

Another came in this morning—came in before the association was open for business. The door was unlocked and an inviting fire was roaring as if it wanted to jump out of the stove. The snow lay two inches thick on the cold, cold ground, so in walked Mr. Reed of Oakland, California and took a seat by the warm stove—all by his lonesome.

Greets the Superintendent. After a few minutes had passed the superintendent of the United Charities arrived to begin the day's work. As he entered the room Mr. Reed of Oakland jumped up, grasped him by the hand for a hearty shake and exclaimed: "My boy, your hands are cold—better warm 'em." The Supt. thought so too, and, as he warmed 'em, he looked his guest over.

About six-feet-three, he was. Might have weighed one-forty and wouldn't mis sixty-five many years, either way. Hair white. Dressed pretty well.

Arrived Yesterday.

Mr. Reed came to town late yesterday afternoon. He stated at first that he had but 25 cents, but later changed it to 50 cents, with which he paid for supper and lodging. This morning he visited two grocery stores trying for a job but there was nothing doing. He said without reservation that he was the best groceryman in the state—no doubt about it. Mayor Little sent him to the U. C. and after the man in charge had warmed his hands—as requested—the old gentleman told his story.

To Ada From K. C.

He came to this city from Kansas City, having come from Oakland, California to that city. The trip required four days of hard traveling. He is an Oklahoma pioneer and lived in Oklahoma City when that now thriving burg boasted of 450 inhabitants. There were two saloons in the village but during his five years' residence there he never saw any drunk men or any fights. In other words, it was a very quiet village.

Made Money in the East.

From Oklahoma he went east and there made lots of money. He took it to California and invested it in a business. (He didn't say what business it was, but as he was such a groceryman, it was doubtless the grocery business.) A disastrous fire visited the city and destroyed his business. Among his personal effects which were burned was a trunk which, from the way he talked, must have been full of "references."

After the fire Mr. Reed decided that he would go to the home of a cousin who lives near Lehigh. Her name is Jones; but he had forgotten her given name, yet it seemed like it was Mary.

So Lehigh was his destination. Railroad fare to Lehigh was what he wanted. The telephone, as usual, was no good in the case—couldn't get his cousin with it.

Reference Burned Up

When asked about references, Reed said they all burned up in the big fire. Said he had a lot of them—references "from President McKinley on down." Then he appeared to get a little warm under the collar and shouted: "References! Why yes, I had 'em. No d—man in this state had as good references as I had—from McKinley on down. I had 'em—but they burned up."

He was told that his case couldn't be handled, but that he would be given breakfast. He said he didn't care for breakfast. A citizen then came in and the old gent slipped out.

Real Confidential.

All through his conversation he would tap the charities man on the knee. Occasionally he would lower his voice as if he was going to say something confidential, get close to the superintendent, tap him on the knee and continue his story.

Left Town All Right.

This morning when the south bound Katy train pulled out of Ada, Mr. Reed with his suit case and a copy of the Evening News, boarded the covered cars and left the city. Can't tell—he's liable to come back through here again soon on his way back to Oakland.

## TYROLA DESTROYED BY FIRE

The City Insured Last Wednesday and Gets Burned Up This Wednesday.

The general store of D. L. Lunsford at Tyrola was totally destroyed by fire Wednesday morning at 10:30 o'clock. There was no one in the store at the time of the fire, Mr. Lunsford and his stove customers having gone down to the depot. The former to look after some expected express and the latter to see the train come in maybe. It is thought that the fire must have started in some manner from the stove or the flue. When discovered such headway had been reached that no one could enter. The proprietor reports the total loss of about \$1,800, fifty dollars being in money.

There was \$750.00 insurance on the business written by Insurance Agent Otis Weaver in the Niagara Insurance company. The policy was only issued a week ago. Mr. Weaver was on the train yesterday through Tyrola and when it stopped, he walked across the aisle to view the store building on which he had lately placed insurance. About that time the walls of the building tumbled in and in less than five minutes, Mr. Lunsford was on his way to Ada to see about his insurance.

This was the only general store in Tyrola, there is left a small drug store.

The News extends sympathy to Mr. Lunsford for he will evidently be quite a loser. Also, Otis Weaver deserves sympathy in seeing the only country store risk on his insurance books, written only a week ago, burning up "before his eyes."

THE CAUSE OF COLDS.

Good Advice Regarding the Prevention of Coughs and Colds.

If people would only fortify and strengthen the system, the majority of cases of coughs, colds and pneumonia might be avoided. These troubles are frequently due to weakness, which produces a catarrhal condition of the mucous membrane, which is an internal skin of the body. When this skin is weakened it becomes easily infected with germs which cause many of the diseases to which flesh is heir. Healthy mucous membranes are essential safeguards of the body's general health.

An excellent aid in the prevention of coughs, colds, pneumonia, and such like infectious diseases, is a remedy that will prevent or cure catarrh.

We have a remedy which we honestly believe to be unsurpassed in excellence for the prevention of coughs, colds and all catarrhal conditions. It is the prescription of a famous physician, who has an enviable reputation of thirty years of cures gained through the use of this formula. We promise to make no charge for the medicine should it fail to do as we claim. We urge everybody who has need of such a medicine to try Rexall Mucu-Tone.

It stands to reason that we could not afford to make such statements and give our own personal guarantee to this remedy if we were not prepared to prove the reasonableness of our claim in every particular, and we see no reason why any one should hesitate to accept our offer and try it. We have two sizes of Rexall Mucu-Tone, prices 50 cents and \$1.00. Sometimes a 50 cent bottle is sufficient to give marked relief. As a general thing the most chronic case is relieved with an average of three large bottles. You can obtain Rexall Remedies in Ada only at our store—The Rexall Store. # MUCH MONEY IN HERB MEDICINE

NEGRO AT KANSAS CITY "DOCTORED" SWOPE FAMILY.

Tells How He Received \$10,000 to \$20,000 in Eight Years for His Services.

Kansas City, Feb. 17.—How Chase Jordan, a colored man of Kansas City Kan., who advertises himself as "minister of medicine, medical doctor and doctor of liver and gall-stones," an administer of herb treatments compounded by himself, obtained \$10,000 to \$20,000 in about eight years for doctoring members of the Swope family, was told by the doctor here Wednesday. He was called to give a deposition in the slander suit brought by Dr. B. C. Hyde against John G. Paxton, executor for the Swope estate.

The doctor's name was first brought into the Swope case when Mrs. B. C. Hyde issued a statement expressing confidence in her husband's innocence and saying that Christian Swope used Jordan's remedies. Jordan gave his deposition after much protest, as he claimed his ministering to the Swope family had nothing to do with the case.

Chews 'em Himself. Jordan testified that his medicines were harmless, "yarks" as he called them. He said they were compounded from roots and herbs obtained in foreign countries and dug in the woods in this country.

"But how could you tell whether these herbs were poisonous or not," Attorney Frank P. Walsh asked him. "Why, that's easy," replied Jordan. "I'd chew 'em. If they didn't hurt me, certainly they weren't poisonous and certainly they wouldn't hurt my patients. That's the theory I work on."

The herb man claims to be a South American. He was raised by a negro named Eli Jordan in Texas. There is no record of his having a physician's license in Kansas.

# TWO MORE IMPLI- CATED IN SCANDAL

NEW YORK REPUBLICAN SCANDAL INCREASES.

Governor Hughes Orders Sweeping Investigation of State Land Frauds.

Albany, N. Y., Feb. 17.—Names of two men, one living and one dead, and both prominent for years in the ranks of the republican organization, were dragged into the Allds-Conger legislative scandal today. Jean LaRue Burnett is the one who is dead. Louis Bedell of Newburgh is the other.

This was the most sensational of a series of revelations which today kept the fifty members of the state senate and 500 auditors spellbound for more than two hours. This was the first of a string of explosions which is expected to follow the decision of the national and state republican leaders that the present trial of Jotham P. Allds for bribery, and the coming investigation of the legislature during the days of the "black horse brigade," must be unhampered and unchecked, no matter how disastrous the disclosures may be to the republican party.

Tense as it has become, the situation in Albany just now resulting from the investigation fever was heightened this evening by the decision of Gov. Hughes to have a sweeping investigation of the forest, fish and game department, with special reference to the alleged frauds in the acquisition of state forest lands.

Amid a silence which would have made a pin-drop seem like a crash, Senator Conger swore that Assemblyman Burnett agreed to make amendments, and did make them, to a highways bill which the bridge interests were eager to have passed. Mr. Burnett, dead since 1907, was one of the most influential men in the legislature. He was a protege of the late Senator Raines and was in training as successor to Mr. Raines as republican leader of the senate when death came to him.

Senator Conger also spread on the record an indirect statement that Mr. Burnett was one of the two men who are alleged by Senator Conger to have accepted bribes of \$4,000 and \$1,000 in conjunction with Senator Allds as the price of "killing" in the all-powerful rules committee a highway bill, which, unlike the one alleged to have been amended by Mr. Burnett, was feared by the bridge interests. This bill was killed.

## MAY RUN FOR GOVERNOR.

Portland, Ore., Feb. 17.—From what can be learned here tonight, Francis J. Heney, special prosecutor for the government in the land fraud cases here, has reconsidered his declination to run for governor of California. After denying he would be a candidate, Mr. Heney hurriedly left tonight for San Francisco "to confer with somebody," was all he would say. It is said Heney will look over the situation as it appears to independent ticket backers, such as Rudolph Spreckels and the anti-graft ring element, and if things appear favorable he will accept the proffered candidacy.

## SENATOR TILLMAN ILL.

Washington, Feb. 17.—Senator Tillman of South Carolina, was taken suddenly ill on the steps of the capitol Wednesday. Later he was removed to his home, where he is now under the care of a physician. The attack, is said to have been a recurrence of the senator's trouble, hardening of the arteries. The physician in attendance said he did not regard the attack as serious. Tonight it was said the senator was feeling much better.

## HAD OTHER USE FOR CLOTHES

Wife's Admitted Purpose Probably Didn't Add to Hubby's Enjoyment of the Evening.

There's at least one little nub of a man over on the West side who jumps through doughnuts when his wife's around. She is a large person with definite opinions about any given thing and she can give him one look and wither him up like dried beef. Not long ago this man and his wife were invited out to dinner. She went early in the afternoon, and he was to go home from the office, change his clothes and get around to the scene of the dinner festivities as soon as he could.

When he started to dress he ran across a large pasteboard box in a clothes closet containing a black sack suit that he hadn't seen for months and which his wife had told him was lost or stolen. He decided to surprise and delight her by wearing that suit and showing her that the lost was found.

Well, here's what happened, according to eye witnesses—and this is one of those true ones. His wife gave him a cold-storage look and inquired right sharply where he got that suit. He told her:

"And after this," says she raising her voice to its height, "don't you wear clothes that have been put away without asking me. I was saying that black suit for your funeral."—Cleveland Plain Dealer.

## HARD TO REGULATE READING

Normal Boy and Girl Have Tastes Which They Should Be Allowed to Indulge.

Much nonsense has been put forth about the regulation of children's reading. This is a late day to attempt a rigid censorship of an urchin's literary acquaintances, and as for leading him, there is probably no method better than that of our grandfathers—to turn him loose in a man's library and let him taste its strong fare. For the rest, any normal boy ought to relish the absurdities of the dime novel, and any natural girl ought to be able to wallow in the sentimental fairy tale. Blood-curdling adventure is as necessary to the diet of the one as sugary romance is to that of the other. Even the watery pap provided by the average Christmas book or in the pages of the ordinary children's publication, probably does little harm if less good to the adolescent morale.

But we have a class of writers "for youth" whose influence is really demoralizing. It is their postulate which the comic supplement develops to the point of nausea. We mean that order of scribbling parasites who make a business of flattering children into the belief, or the "working hypothesis," that they are wiser and better than their elders.—New York Post.

## The Moor and His Horse.

The horsemanship of the Moors is primitive and entirely successful, says the London Speculator. A Moor never walks when he can ride, and never by any chance gets off to ease his beast. How a Moorish pony would have chuckled at the weary walks enforced on tired men by well-meaning cavalry colonels in South Africa: "I don't think much of animals that can't carry 15 stone 15 hours a day; I must be a really superior kind of beast."

The Moorish (and Goumier) horse always spends his night in the open; he is never groomed nor clipped; his youth is passed wandering untended over the vast fields. When in work he gets all drink before his feed in the evening. From 7 a. m. to 7 p. m. he expects to work and to work hard without bite or sup. His saddle is a wooden tree superimposed on at least half a dozen folded blankets, the thickness of which often reaches six inches, and he never gets a sore back.

## SNOWSTORM IS GENERAL

SOUTH AND EAST STATES ARE  
HARD HIT BY SLEET, SNOW  
AND RAIN.

### LOCAL CONDITIONS BETTER

Snow Continues Throughout Night

Mercury Rises Thirteen Degrees.

This Morning—Warmer

Friday.

The snow which began falling yesterday continued through last night and until about ten o'clock this morning, attaining a depth of about three inches. The hard wind which shifted from the north to the east yesterday is not in evidence today. Before noon the sun was shining brightly and the mercury had traveled back to 24. It showed 11 degrees at 8 this morning.

With the appearance of the sun comes the disappearance of the snow. Trains Off Schedule.

The snow storm played havoc with railway service. While the trains coming from the south were about on time, the south bound Frisco trains are being delayed several hours by the bad conditions in Northern Oklahoma, Kansas and Missouri. The train last evening was about four hours late and the morning train, today was three hours or more behind the schedule.

The telephone and telegraph systems suffered little.

Weather to Moderate.

A good freeze will be experienced tonight. The forecast for tomorrow is fair and warmer.

### IN ARKANSAS.

Little Rock, Ark., Feb. 16.—A blizzard carrying rain, snow and sleet swept all of Arkansas today and tonight, doing but little actual damage, according to reports received thus far, but carrying with it a marked drop in the thermometer. It has been unusually warm here and elsewhere in the state for several weeks and the sudden drop in temperature may work a hardship. Ten inches of snow is reported tonight at Rogers, Ark. Thunder and lightning accompanied the sleetstorm at Hot Springs. Snow and sleet at Hoxie, Helena, Texarkana, Jonesboro and other points are reported.

### IN MISSOURI.

St. Louis, Mo., Feb. 16.—The worst blizzard of the winter is causing much suffering in this city and throughout Missouri and Southern Illinois.

The temperature here dropped from 65 degrees yesterday afternoon to 18 tonight with zero and fifteen inches of snow promised by the weather bureau before morning. The snow, driven by a fierce wind, is paralyzing street car service, while train service is becoming demoralized.

### IN ILLINOIS.

Mt. Vernon, Ill., Feb. 16.—All southern Illinois was struck by a blizzard today. Fifteen inches of snow is promised. Railroad traffic is almost at a standstill.

### IN TENNESSEE.

Memphis, Tenn., Feb. 16.—With temperatures rapidly receding, the storm of sleet and snow, which is general over this state and Arkansas tonight, promises to leave in its wake the coldest weather of the winter. In Central and Southern Mississippi a cold drizzle is falling and temperatures are dropping.

### IN OKLAHOMA.

Shawnee, Ok., Feb. 16.—The worst blizzard in twelve years swept over this vicinity this morning, with a heavy fall of snow and sleet that blocked traffic. About three inches of snow fell, drifted by a cyclone wind. During the blizzard there was much thunder and lightning. The mercury in the city registered from 10 to 20

## FEE AND SALARY AGREEMENT MADE

BILL IS REFERRED FOR RE-  
DRAFTING

Committee of Six to Have Charge  
of Redrafting Section Which  
Fixes Salaries

Guthrie, Okla., Feb. 17.—Agreement  
was reached in the Senate's Demo-  
cratic caucus, referring the fee and  
salary bill to a committee of six to  
redraft that section which proposes  
to fix the salaries of district and  
county officials, using the Smith bill  
as a basis. The Indiana and Califor-  
nia ideas are to be abandoned, under  
caucus instructions, thus insuring the  
legislation to a great extent on a  
basis of population. On the commit-  
tee are Senators, Graham, Eggerman,  
Redwine, Smith, Thomas and Sor-  
rels, representing the factions that  
have been supporting or opposing the  
Smith bill, from the viewpoint of  
each county. It is believed the ac-  
tual basis of the Smith bill will be  
lifted to a point where it will be ac-  
ceptable, at least, to the Senate.

### Kills Guardianship Bill

By a majority of the vote the Sen-  
ate killed the bill by Mr. Stewart pro-  
viding that the marriage of a minor  
ward terminates the guardianship as  
to personal property, but the Sen-  
ator from Hugo lodged a motion to  
reconsider. Several East Side Sen-  
ators opposed the measure.

"When a white man marries an In-  
dian girl over in the Eastern part  
of the State," said Senator Stewart  
in defense of the bill, "the next  
morning he goes forth with an axe  
and begins to blaze a trail through  
the woods. He complains about his  
wife's neighbors cattle eating 'our'  
grass, the white man shooting 'our'  
game and drinking 'our' branch wa-  
ter. You would think that he owns  
the universe. To perpetuate this idea  
will create strife between white peo-  
ple and the Indians. The most im-  
portant thing for a white man in  
Eastern Oklahoma is to be able to  
get a home."

The Senate passed finally the bill  
by Senator Williams, appropriating  
\$155,000 for care of the insane at  
Norphan, and recommended for pas-  
sage the bill by Senator Blair, legal-  
izing bond issues of incorporated  
towns, cities or districts.

### Tax Board Bill

The House reconsidered its action  
of several days ago and passed the  
Administration bill to create excise  
tax boards, and limiting the amounts  
of tax levies unless voted by the peo-  
ple. The vote was 53 to 35. The Re-  
publicans voted against the measure  
and for this reason the emergency  
was defeated. Cities are limited to  
seven mills, incorporated towns to  
five mills, townships three mills,  
districts for common schools to five  
mills, but these may be increased to  
the limits fixed by the Constitution.  
If a majority of the people so vote,  
and 50 per cent of all qualified elec-  
tors participate in the election. Mr.  
Vogel tried to have the township  
levy increased to five mills, but was  
voted down.

The bill fixing procedure for leas-  
ing land to minors, for oil, gas and  
mineral purposes, was under dis-  
cussion in the House without action  
being taken.

### Vogel Resolutions

Mr. Vogel secured adoption of his

resolution calling for records, books,  
etc., of the State dispensary, dating  
from the time it was inaugurated  
and covered by the special report  
made by State Examiner and Inspect-  
or Taylor, and for a special report  
to be made by the House Investi-  
gating Committee. The resolution was  
laid over from yesterday, and when  
reached today the author moved its  
adoption, which carried without a  
dissenting vote. Democrats were ap-  
parently not acquainted with its  
contents until after the vote had been  
announced. Of the large batch of re-  
solutions offered by Republican mem-  
bers looking to a probe of the State  
departments this is the first that had  
failed of reference to the Investi-  
gating Committee.

The House in committee of the  
whole killed the bill proposing to li-  
cense architects. New bills in the  
House were: By Mr. Jones, authoriz-  
ing County Commissioners to sell  
real estate belonging to counties; Mr.  
Watrous, making second-grade teach-  
ers' certificates valid in any county  
of the State; Mr. Sullivan, for listing  
and taxing property on mining leases,  
and Mr. Helm, for repeal of the State  
dispensary law, and providing for  
winding up of the affairs within ninety  
days, liquor on hand to be sold  
and thereafter that confiscated to be  
destroyed.

### Election of Senators.

Mr. Vogel offered a bill requiring  
the placing of names of party candi-  
dates for United States Senator on  
the general election ballot and adopt-  
ing the Oregon and Nebraska idea  
for the Legislature may say that  
they will support the candidates for  
United States Senate who receive  
the highest number of votes; or that  
they will accept such vote as a rec-  
ommendation, or that they will dis-  
regard the vote entirely. It is pro-  
posed that the candidate receiving  
the highest number of votes in the  
general election shall be declared the  
United States Senator, irrespectively  
of the political complexion of the  
Legislature.

New Senate bills were: By Senator  
Keys, to appropriate \$10,000 for the  
orphans' home at Pryor Creek; by  
Senator Taylor, to regulate the sale  
of cocaine; by Senator Brownlee, to  
discontinue school districts where  
the number of pupils is below ten.  
The house accepted the resignation  
of W. H. Ebey of Ada as clerk, who  
retires on account of private  
business; advanced to that place Al-  
bert Shields of Enid, the calendar  
clerk, and appointed Clarence Black  
of Lawton to succeed Mr. Shields.

The House voted to appoint a com-  
mittee of three to attend the North-  
western Irrigation congress to be  
held in Guyton, March 1 and 2.

A message from the governor to-  
day suggested an appropriation for  
repairs on the Edmond Normal  
school buildings.

The governor today signed the bill  
permitting counties to purchase build-  
ings from the Federal government, or  
an Indian tribe, for court houses or  
jails.

### "CARE FOR CATS," LAST WORDS.

St. Louis, Mo., Feb. 17.—Realizing  
he was about to die and that two  
cats, his constant companions, and  
his only solace, might starve, George  
Snyder, 98 years old, crawled over a  
mile yesterday to beg a neighbor to  
care for them. He expired, muttering  
plaintively, "Feed my cats." The  
neighbor sent for the cats, declaring  
he would provide for them as long  
as they lived. Snyder was St. Louis  
county's oldest resident, and lived the  
life of a hermit in a shack near Eu-  
reka.

### MINE HOISTERS QUIT.

Butte, Mont., Feb. 17.—A shut down  
of all mining operations in the Butte  
district is threatened by the action  
of a majority of the hoisting engi-  
neers in deserting their posts Wed-  
nesday morning when concessions  
from mine owners in the matter of  
jurisdictional disputes, were not  
forthcoming. The men involved are  
members of the International Engi-  
neers' Union.

## FIRE ALARM

It is understood by all concerned  
that a more uniform system of hand-  
ling a "Fire Alarm" be adopted, to  
be as follows:

1. The Alarm shall be given to  
the Central operator, giving the Ward  
and nearest street crossing. The party  
turning in the Alarm shall stay at  
telephone until they receive the O K  
from the operator.
2. The operator shall then give  
the address to the driver at the fire  
station.
3. The operator shall then turn  
the Alarm to the general Alarm, The  
Whistle. The Engineer shall (1s:)  
give triek whistle followed by—  
First Ward.....One Blast  
Second Ward.....Two Blasts  
Third Ward.....Three Blasts  
Fourth Ward.....Four Blasts  
Main Street.....Five Blasts

Central can not give correct ad-  
dress unless it is given to them  
correct! Any one calling for Fire  
Station shall call "159 No. Fire."  
HARRY PARKS, Chief.

## HAD REFERENCES FROM M'KINLEY

OLD GENTLEMAN FROM CALIFORNIA ASKS FOR HELP.

Hits United Charities for Railroad Fare to Lehigh—Best Grocery.

man in the State.

It seems that Ada is headquarters for those knights of the road who make it a habit to ask for aid when they fall into town As one of them leaves the quarters of the local United Charities association Another comes in

Another came in this morning—came in before the association was open for business The door was unlocked and an inviting fire was roaring as if it wanted to jump out of the stove The snow lay two inches thick on the cold, cold ground, so in walked Mr Reed of Oakland, California and took a seat by the warm stove—all by his lonesome

### Greets the Superintendent.

After a few minutes had passed the superintendent of the United Charities arrived to begin the day's work As he entered the room Mr Reed of Oakland jumped up grasped him by the hand for a hearty shake and exclaimed My boy, your hands are cold—better warm 'em" The Supt thought so too, and, as he warmed 'em, he looked his guest over

About six-feet-three, he was. Might have weighed one-forty and wouldn't mis sixty-five many years, either way Hair white Dressed pretty well

### Arrived Yesterday.

Mr Reed came to town late yesterday afternoon He stated at first that he had but 25 cents, but later changed it to 50 cents, with which he paid for supper and lodging This morning he visited two grocery stores trying for a job but there was nothing doing He said without reservation that he was the best groceryman in the state—no doubt about it Mayor Little sent him to the U C and after the man in charge had warmed his hands—as requested—the old gentleman told his story

### To Ada From K. C.

He came to this city from Kansas City, having come from Oakland, California to that city The trip required four days of hard traveling He is an Oklahoma pioneer and lived in Oklahoma City when that now thriving burg boasted of 450 inhabitants There were two saloons in the village but during his five years residence there he never saw any drunk men or any fights In other words it was a very quiet village

### Made Money in the East.

From Oklahoma he went east and there made lots of money He took it to California and invested it in a business (He didn't say what business it was but as he was such a groceryman it was doubtless the grocery business) A disastrous fire visited the city and destroyed his business Among his personal effects which were burned was a trunk which from the way he talked, must have been full of references

After the fire Mr Reed decided that he would go to the home of a cousin who lives near Lehigh Her name is Jones, but he had forgotten her given name, yet it seemed like it was Mary

So Lehigh was his destination Railroad fare to Lehigh was what he wanted The telephone, as usual, was no good in the case—couldn't get his cousin with it

### Reference Burned Up

When asked about references Reed said they all burned up in the big fire Said he had a lot of them—references from President McKinley on down Then he appeared to get a little warm under the collar and shouted 'References' Why yes, I had 'em No d—man in this state had as good references as I had—from McKinley on down I had 'em—but they burned up"

He was told that his case couldn't be handled, but that he would be given breakfast He said he didn't care for breakfast A citizen then came in and the old gent slipped out

### Real Confidential.

All through his conversation he would tap the charities man on the knee Occasionally he would lower his voice as if he was going to say something confidential, get close to the superintendent, tap him on the knee and continue his story

### Left Town All Right.

This morning when the south bound Katy train pulled out of Ada, Mr Reed with his suit case and a copy of the Evening News, boarded the covered cars and left the city Can't tell—he's liable to come back through here again soon on his way back to Oakland.

## TYROLA DESTROYED BY FIRE

The City Insured Last Wednesday and Gets Burned Up This Wednesday.

The general store of D L Lunsford at Tyrola was totally destroyed by fire Wednesday morning at 10 30 o'clock There was no one in the store at the time of the fire, Mr Lunsford and his stove customers having gone down to the depot The former to look after some expected express and the latter to see the train come in maybe It is thought that the fire must have started in some manner from the stove or the flue When discovered such headway had been reached that no one could enter The proprietor reports the total loss of about \$1,800, fifty dollars being in money

There was \$750 00 insurance on the business written by Insurance Agent Otis Weaver in the Niagara Insurance company The policy was only issued a week ago Mr Weaver was on the train yesterday through Tyrola and when it stopped, he walked across the aisle to view the store building on which he had lately placed insurance About that time the walls of the building tumbled in and in less than five minutes, Mr Lunsford was on his way to Ada to see about his insurance

This was the only general store in Tyrola, there is left a small drug store

The News extends sympathy to Mr Lunsford for he will evidently be quite a loser Also, Otis Weaver deserves sympathy in seeing the only country store risk on his insurance books, written only a week ago, burning up "before his eyes"

### THE CAUSE OF COLDS.

Good Advice Regarding the Prevention of Coughs and Colds.

If people would only fortify and strengthen the system, the majority of cases of coughs, colds and pneumonia might be avoided These troubles are frequently due to weakness, which produces a catarrhal condition of the mucous membrane, which is an internal skin of the body When this skin is weakened it becomes easily infected with germs which cause many of the diseases to which flesh is heir Healthy mucous membranes are essential safeguards of the body's general health

An excellent aid in the prevention of coughs colds pneumonia and such like infectious diseases is a remedy that will prevent or cure catarrh

We have a remedy which we honestly believe to be unsurpassed in excellence for the prevention of coughs colds and all catarrhal conditions It is the prescription of a famous physician, who has an enviable reputation of thirty years of cures gained through the use of this formula We promise to make no charge for the medicine should it fail to do as we claim We urge everybody who has need of such a medicine to try Revall Muen-Tone

It stands to reason that we could not afford to make such statements and give our own personal guarantee to this remedy if we were not prepared to prove the reasonableness of our claim in every particular and we see no reason why any one should hesitate to accept our offer and try it We have two sizes of Revall Muen-Tone, prices 50 cents and \$1 00 Sometimes a 50 cent bottle is sufficient to give marked relief As a general thing the most chronic case is relieved with an average of three large bottles You can obtain Revall Remedies in Ada only at our store—The Rexall Store The Gwin & Mays Drug Co West Main St

## MUCH MONEY IN HERB MEDICINE

NEGRO AT KANSAS CITY "DOCTORED" SWOPE FAMILY.

Tells How He Received \$10,000 to \$20,000 in Eight Years for His Services.

Kansas City, Feb. 17.—How Chase Jordan, a colored man of Kansas City Kan., who advertises himself as "minister of medicine, medical doctor and doctor of liver and gall-stones," an administer of herb treatments compounded by himself, obtained \$10,000 to \$20,000 in about eight years for doctoring members of the Swope family, was told by the doctor here Wednesday. He was called to give a deposition in the slander suit brought by Dr. B. C. Hyde against John G. Paxton, executor for the Swope estate.

The doctor's name was first brought into the Swope case when Mrs. B. C. Hyde issued a statement expressing confidence in her husband's innocence and saying that Christian Swope used Jordan's remedies. Jordan gave his deposition after much protest, as he claimed his ministering to the Swope family had nothing to do with the case.

Chews 'em Himself.  
Jordan testified that his medicines were harmless, "varbs" as he called them. He said they were compounded from roots and herbs obtained in foreign countries and dug-in the woods in this country.

"But how could you tell whether these herbs were poisonous or not," Attorney Frank P. Walsh asked him. "Why, that's easy," replied Jordan. "I'd chew 'em. If they didn't hurt me, certainly they weren't poisonous and certainly they wouldn't hurt my patients. That's the theory I work on."

The herb man claims to be a South American. He was raised by a negro named Eli Jordan in Texas. There is no record of his having a physician's license in Kansas.

## TWO MORE IMPLI- CATED IN SCANDAL

NEW YORK REPUBLICAN SCANDAL INCREASES.

Governor Hughes Orders Sweeping Investigation of State Land Frauds.

Albany, N. Y., Feb. 17.—Names of two men, one living and one dead, and both prominent for years in the ranks of the republican organization, were dragged into the Allds-Conger legislative scandal today. Jean LaRue Burnett is the one who is dead. Louis Bedell of Newburgh is the other.

This was the most sensational of a series of revelations which today kept the fifty members of the state senate and 500 auditors spellbound for more than two hours. This was the first of a string of explosions which is expected to follow the decision of the national and state republican leaders that the present trial of Jotham P. Allds for bribery, and the coming investigation of the legislature during the days of the "black horse brigade," must be unhampered and unchecked, no matter how disastrous the disclosures may be to the republican party.

Tense as it has become, the situation in Albany just now resulting from the investigation fever was heightened this evening by the decision of Gov. Hughes to have a sweeping investigation of the forest, fish and game department, with especial reference to the alleged frauds in the acquisition of state forest lands.

Amid a silence which would have made a pin-drop seem like a crash, Senator Conger swore that Assemblyman Burnett agreed to make amendments, and did make them, to a highways bill which the bridge interests were eager to have passed. Mr. Burnett, dead since 1907, was one of the most influential men in the legislature. He was a protégé of the late Senator Raines and was in training as successor to Mr. Raines as republican leader of the senate when death came to him.

Senator Conger also spread on the record an indirect statement that Mr. Burnett was one of the two men who are alleged by Senator Conger to have accepted bribes of \$4,000 and \$1,000 in conjunction with Senator Allds as the price of "killing" in the all-powerful rules committee a highway bill, which, unlike the one alleged to have been amended by Mr. Burnett, was feared by the bridge interests. This bill was killed.

### TEXAS JUSTICE DIES.

Austin, Tex., Feb. 17.—Chief Justice Hal C. Fisher of the Third court of Appeals died tonight from a stroke of apoplexy suffered night before last. Funeral arrangements have not yet been made.

Justice Fisher was 57 years of age. He was a native of Mississippi and his father was Chief Justice of the Supreme Court of that State. A widow and two children survive him. One is Mrs. Lawrence Harrison of this city and the other, a son, Harry Fisher, of Rock Springs, Edward county, Texas.

### MAY RUN FOR GOVERNOR.

Portland, Ore., Feb. 17.—From what can be learned here tonight, Francis J. Heney, "special prosecutor" for the government in the land fraud cases here, has reconsidered his declaration to run for governor of California. After denying he would be a candidate, Mr. Heney hurriedly left tonight for San Francisco "to confer with somebody." Was all he would say. It is said Heney will look over the situation as it appears to independent ticket backers, such as Rudolph Spreckels and the anti-grafting element, and if things appear favorable he will accept the proffered candidacy.

### REVOLUTION RELICS SOLD.

Boston, Feb. 17.—Autographs, letters and other documents, in the handwriting of John Adams, John Quincy Adams, Elbridge Gerry and others of revolutionary fame, have just been disposed of here at a sale of the effects from the estate of Rev. Joseph Willard, who was president of Harvard shortly after the revolution. An autograph letter written by Benedict Arnold to Major General Gates in the course of one of the campaigns of the revolution, brought \$121.

### HAD OTHER USE FOR CLOTHES

Wife's Admitted Purpose Probably Didn't Add to Hubby's Enjoyment of the Evening.

There's at least one little nub of a man over on the West side who jumps through doughnuts when his wife's around. She is a large person with definite opinions about any given thing and she can give him one look and wither him up like dried beef.

Not long ago this man and his wife were invited out to dinner. She went early in the afternoon, and he was to go home from the office, change his clothes and get around to the scene of the dinner festivities as soon as he could.

When he started to dress he ran across a large pasteboard box in a clothes closet containing a black sack suit that he hadn't seen for months and which his wife had told him was lost or stolen. He decided to surprise and delight her by wearing that suit and showing her that the lost was found.

Well, here's what happened, according to eye witnesses—and this is one of those true ones. His wife gave him a cold-storage look and inquired right sharply where he got that suit. He told her.

"And after this," says she raising her voice to its height, "don't you wear clothes that have been put away without asking me. I was saying that black suit for your funeral."—Cleveland Plain Dealer.

### HARD TO REGULATE READING

Normal Boy and Girl Have Tastes Which They Should Be Allowed to Indulge.

Much nonsense has been put forth about the regulation of children's reading. This is a late day to attempt a rigid censorship of an urchin's literary acquaintances, and as for leading him, there is probably no method better than that of our grandfathers—to turn him loose in a man's library and let him taste its strong fare. For the rest, any normal boy ought to relish the absurdities of the dime novel, and any natural girl ought to be able to wallow in the sentimental fairy tale. Blood-curdling adventure is as necessary to the diet of the one as sugary romance is to that of the other. Even the watery pap provided by the average Christmas book or in the pages of the ordinary children's publications, probably does little harm if less good to the adolescent morale.

But we have a class of writers "for youth" whose influence is really demoralizing. It is their postulate which the comic supplement develops to the point of nausea. We mean that order of scribbling parasites who make a business of flattering children into the belief, or the "working hypothesis," that they are wiser and better than their elders.—New York Post.

### The Moor and His Horse.

The horsemanship of the Moors is primitive and effirely successful, says the London Speculator. A Moor never walks when he can ride, and never by any chance gets off to ease his beast. How a Moorish pony would have chuckled at the weary wails enforced on tired men by well-meaning cavalry colonels in South Africa: "I don't think much of animals that can't carry 15 stone 15 hours a day; I must be a really superior kind of beast."

The Moorish (and Goumler) horse always spends his night in the open; he is never groomed nor clipped; his youth is passed wandering untended over the vast fields. When in work he gets all drink before his feed in the evening. From 7 a. m. to 7 p. m. he expects to work and to work hard without bite or sup. His saddle is a wooden tree superimposed on at least half a dozen folded blankets, the thickness of which often reaches six inches, and he never gets a sore back.

## SNOWSTORM IS GENERAL

SOUTH AND EAST STATES ARE  
HARD HIT BY SLEET, SNOW  
AND RAIN.

### LOCAL CONDITIONS BETTER

Snow Continues Throughout Night  
Mercury Rises Thirteen Degrees  
This Morning—Warmer  
Friday.

The snow which began falling yesterday continued through last night and until about ten o'clock this morning attaining a depth of about three inches. The hard wind which shifted from the north to the east yesterday is not in evidence today. Before noon the sun was shining brightly and the mercury had traveled back to 24. It showed 11 degrees at 8 this morning.

With the appearance of the sun comes the disappearance of the snow. Trains On Schedule.

The snow storm played havoc with railway service. While the trains coming from the south were about on time the south bound Frisco trains are being delayed several hours by the bad conditions in Northern Oklahoma, Kansas and Missouri. The train last evening was about four hours late and the morning train today was three hours or more behind the schedule.

The telephone and telegraph systems suffered little.

Weather to Moderate.  
A good freeze will be experienced tonight. The forecast for tomorrow is fair and warmer.

### IN ARKANSAS.

Little Rock, Ark., Feb. 16.—A blizzard carrying rain, snow and sleet swept all of Arkansas today and tonight, doing but little actual damage, according to reports received thus far but carrying with it a marked drop in the thermometer. It has been unusually warm here and elsewhere in the state for several weeks and the sudden drop in temperature may work a hardship. Ten inches of snow is reported tonight at Rogers. Ark. Thunder and lightning accompanied the sleetstorm at Hot Springs. Snow and sleet at Hoxie, Helena, Texarkana, Jonesboro and other points are reported.

### IN MISSOURI.

St. Louis Mo., Feb. 16.—The worst blizzard of the winter is causing much suffering in this city and throughout Missouri and Southern Illinois.

The temperature here dropped from 65 degrees yesterday afternoon to 16 tonight with zero and fifteen inches of snow promised by the weather bureau before morning. The snow, driven by a fierce wind, is paralyzing street car service, while train service is becoming demoralized.

### IN ILLINOIS.

Mt. Vernon, Ill., Feb. 16.—All southern Illinois was struck by a blizzard today. Fifteen inches of snow is promised. Railroad traffic is almost at a standstill.

### IN TENNESSEE.

Memphis, Tenn., Feb. 16.—With temperatures rapidly receding, the storm of sleet and snow, which is general over this state and Arkansas tonight, promises to leave in its wake the coldest weather of the winter. In Central and Southern Mississippi a cold drizzle is falling and temperatures are dropping.

### IN OKLAHOMA.

Shawnee, Ok., Feb. 16.—The worst blizzard in twelve years swept over this vicinity this morning, with a heavy fall of snow and sleet that blocked traffic. About three inches of snow fell, drifted by a cyclone wind. During the blizzard there was much thunder and lightning. The mercury in the city registered from 10 to 20

of Redrafting Section Which  
Fixes Salaries

Guthrie, Okla., Feb. 17.—Agreement  
was reached in the Senate's Demo-  
cratic caucus, referring the fee and  
salary bill to a committee of six to  
redraft that section which proposes  
to fix the salaries of district and  
county officials, using the Smith bill  
as a basis. The Indiana and Califor-  
nia ideas are to be abandoned, under  
caucus instructions, thus insuring the  
legislation to a great extent on a  
basis of population. On the commit-  
tee are Senators, Graham, Eggerman,  
Redwine, Smith, Thomas and Sor-  
rels, representing the factions that  
have been supporting or opposing the  
Smith bill, from the viewpoint of  
each county. It is believed the ac-  
tual basis of the Smith bill will be  
lifted to a point where it will be ac-  
ceptable, at least, to the Senate.

**Kills Guardianship Bill**  
By a majority of the vote the Sen-  
ate killed the bill by Mr. Stewart pro-  
viding that the marriage of a minor  
terminates the guardianship as to  
personal property, but the Sena-  
tor from Hugo lodged a motion to  
reconsider. Several East Side Sena-  
tors opposed the measure.

"When a white man marries an in-  
dian girl over in the Eastern part  
of the State," said Senator Stewart  
in defense of the bill, "the next  
morning he goes forth with an axe  
and begins to blaze a trail through  
the woods. He complains about his  
wife's neighbors cattle eating 'our'  
grass, the white man shooting 'our'  
game and drinking 'our' branch wa-  
ter. You would think that he owns  
the universe. To perpetuate this idea  
will create strife between white peo-  
ple and the Indians. The most im-  
portant thing for a white man in  
Eastern Oklahoma is to be able to  
get a home."

The Senate passed finally the bill  
by Senator Williams, appropriating  
\$155,000 for care of the insane at  
Norman, and recommended for pas-  
sage the bill by Senator Blair, legal-  
izing bond issues of incorporated  
towns, cities or districts.

### Tax Board Bill.

The House reconsidered its action  
of several days ago and passed the  
Administration bill to create excise  
tax boards, and limiting the amounts  
of tax levies unless voted by the peo-  
ple. The vote was 58 to 35. The Re-  
publicans voted against the measure  
and for this reason the emergency  
was defeated. Cities are limited to  
seven mills, incorporated towns to  
five mills, townships three mills,  
districts for common schools to five  
mills, but these may be increased to  
the limits fixed by the Constitution,  
if a majority of the people so vote,  
and 50 per cent of all qualified elec-  
tors participate in the election. Mr.  
Vogel tried to have the township  
levy increased to five mills, but was  
voted down.

The bill fixing procedure for leas-  
ing land to minors, for oil, gas and  
mineral purposes, was under dis-  
cussion in the House without action  
being taken.

**Vogel Resolutions**  
Mr. Vogel secured adoption of his

resolution calling for records, books,  
etc., of the State dispensary, dating  
from the time it was inaugurated  
and covered by the special report  
made by State Examiner and Inspect-  
or Taylor, and for a special report  
to be made by the House Investi-  
gating Committee. The resolution was  
laid over from yesterday and when  
reached today the author moved its  
adoption, which carried without a  
dissenting vote. Democrats were ap-  
parently not acquainted with its  
contents until after the vote had been  
announced. Of the large batch of re-  
solutions offered by Republican mem-  
bers looking to a probe of the State  
departments this is the first that had  
failed of reference to the Investi-  
gating Committee.

The House in committee of the  
whole killed the bill proposing to li-  
cense architects. New bills in the  
House were: By Mr. Jones, authoriz-  
ing County Commissioners to sell  
real estate belonging to counties; Mr.  
Watrous, making second-grade teach-  
ers' certificates valid in any county  
of the State; Mr. Sullivan, for leasing  
and taxing property on mining leases,  
and Mr. Helm, for repeal of the State  
dispensary law, and providing for  
winding up of the affairs within ninety  
days, liquor on hand to be sold  
and thereafter that confiscated to be  
destroyed.

**Election of Senators.**  
Mr. Vogel offered a bill requiring  
the placing of names of party candi-  
dates for United States Senator on  
the general election ballot and adopt-  
ing the Oregon and Nebraska idea  
for the Legislature may say that  
they will support the candidates for  
United States Senate who receive  
the highest number of votes; or that  
they will accept such vote as a re-  
commendation, or that they will dis-  
regard the vote entirely. It is pro-  
posed that the candidate receiving  
the highest number of votes in the  
general election shall be declared the  
United States Senator, respectively  
of the political complexion of the  
Legislature.

New Senate bills were: By Senator  
Keys, to appropriate \$10,000 for the  
orphans' home at Fryer Creek; by  
Senator Taylor, to regulate the sale  
of cocaine; by Senator Brownlee,  
to discontinue school districts where  
the number of pupils is below ten.

The house accepted the resignation  
of W. H. Ebey of Ada as chief clerk,  
who retires on account of private  
business; advanced to that place Al-  
bert Shields of Enid, the calendar  
clerk, and appointed Clarence Black  
of Lawton to succeed Mr. Shields.

The House voted to appoint a com-  
mittee of three to attend the North-  
western Irrigation congress to be  
held in Guyman, March 1 and 2.

A message from the governor to-  
day suggested an appropriation for  
repairs on the Edmond Normal  
school buildings.

The governor today signed the bill  
permitting counties to purchase build-  
ings from the Federal government, or  
an Indian tribe, for court houses or  
jails.

### "CARE FOR CATS" LAST WORDS.

St. Louis, Mo., Feb. 17.—Realizing  
he was about to die and that two  
cats, his constant companions, and  
his only solace, might starve, George  
Snyder, 98 years old, crawled over a  
mile yesterday to beg a neighbor to  
care for them. He expired, muttering  
plaintively, "Feed my cats." The  
neighbor sent for the cats, declaring  
he would provide for them as long  
as they lived. Snyder was St. Louis  
county's oldest resident, and lived the  
life of a hermit in a shack near Eu-  
reka.

### MINE HOISTERS QUIT.

Butte, Mont., Feb. 17.—A shut down  
of all mining operations in the Butte  
district is threatened by the action  
of a majority of the hoisting engi-  
neers in deserting their posts Wed-  
nesday morning when concessions  
from mine owners in the matter of  
jurisdictional disputes, were not  
forthcoming. The men involved are  
members of the International Engi-  
neers' Union.

## FIRE ALARM

It is understood by all concerned  
that a more uniform system of hand-  
ling a "Fire Alarm" be adopted, to  
be as follows:

1. The Alarm shall be given to  
the Central operator, giving the Ward  
and nearest street crossing. The party  
turning in the alarm shall stay at  
telephone until they receive the O. K.  
from the operator.
2. The operator shall then give  
the address to the driver at the fire  
station.
3. The operator shall then turn  
the Alarm to the general Alarm, The  
Whistle. The Engineer shall (1st.)  
give creek whistle followed by—  
First Ward.....One Blast  
Second Ward.....Two Blasts  
Third Ward.....Three Blasts  
Fourth Ward.....Four Blasts  
Main Street.....Five Blasts  
Central can not give correct ad-  
dress unless it is given to them  
correct! Any one calling for Fire  
Station shall call "159 No Fire."

Enjoy Using Herpicide on Account of  
Its Distinctiveness.

The ladies who have used Newbro's  
Herpicide speak of it in the highest  
terms, for its quick effect in cleansing  
the scalp of dandruff and also for its ex-  
cellence as a general hair-dressing. It  
makes the scalp feel fresh and it always  
that itching which dandruff will cause.  
Newbro's Herpicide effectively cures  
dandruff, it destroys the germ that  
causes it. The same germ causes hair to  
fall out, and later baldness; in killing it,  
Herpicide stops falling hair and prevents  
baldness. It is also an ideal hair dress-  
ing, for it lends an aristocratic charm to  
the hair that is quite distinctive. Sold

M. T. Partell, commandant at Fort

Lieut. Colonel Abercrombie, was Wed-  
nesday relieved of the command pend-  
ing a final settlement of affairs at  
the fort, and Major Francis J. Ker-  
nan succeeded to command. General  
Maus, commander of the department  
of the Columbia, gave the following  
statement: "Lieut. Col. Abercrombie  
was relieved because of his poor  
administration of his post and his in-  
ability to get along with the officers  
under his command was shown by  
the report of the inspector general of  
this department."

shoot him unless he turned over \$1-  
500 which was in the safe. As Bez-  
dek fired the shot which killed Mor-

shots, one of which struck the real  
estate dealer in the head, causing a  
serious wound. Morgan entered the  
office while Bezdek was talking with

## HAD REFERENCES FROM MCKINLEY

OLD GENTLEMAN FROM CALIFORNIA ASKS FOR HELP.

Hits United Charities for Railroad Fare to Lehigh—Best Grocery.

man in the State.

It seems that Ada is headquarters for those knights of the road who make it a habit to ask for aid when they fall into town As one of them leaves the quarters of the local United Charities association another comes in

Another came in this morning—came in before the association was open for business The door was unlocked and an inviting fire was roaring as if it wanted to jump out of the stove The snow lay two inches thick on the cold, cold ground, so in walked Mr Reed of Oakland, California and took a seat by the warm stove—all by his lonesome

Greeted the Superintendent.

After a few minutes had passed the superintendent of the United Charities arrived to begin the day's work As he entered the room Mr Reed of Oakland jumped up grasped him by the hand for a hearty shake and exclaimed My boy, your hands are cold—better warm 'em The Supt thought so too, and, as he warmed 'em, he looked his guest over

About six-feet-three, he was. Might have weighed one-forty and wouldn't mis sixty-five many years, either way Hair white Dressed pretty well

Arrived Yesterday.

Mr Reed came to town late yesterday afternoon He stated at first that he had but 25 cents, but later changed it to 50 cents, with which he paid for supper and lodging This morning he visited two grocery stores trying for a job but there was nothing doing He said without reservation that he was the best grocery man in the state—no doubt about it Mayor Little sent him to the U C and after the man in charge had warmed his hands—as requested—the old gentleman told his story

To Ada From K. C.

He came to this city from Kansas City, having come from Oakland, California to that city The trip required four days of hard traveling He is an Oklahoma pioneer and lived in Oklahoma City when that now thriving burg boasted of 450 inhabitants There were two saloons in the village but during his five years residence there he never saw any drunk men or any fights In other words it was a very quiet village

Made Money in the East.

From Oklahoma he went east and there made lots of money He took it to California and invested it in a business (He didn't say what business it was but as he was such a groceryman it was doubtless the grocery business) A disastrous fire visited the city and destroyed his business Among his personal effects which were burned was a trunk which from the way he talked, must have been full of references

After the fire Mr Reed decided that he would go to the home of a cousin who lives near Lehigh Her name is Jones, but he had forgotten her given name, yet it seemed like it was Mary

So Lehigh was his destination Railroad fare to Lehigh was what he wanted The telephone, as usual, was no good in the case—couldn't get his cousin with it

Reference Burned Up

When asked about references Reed said they all burned up in the big fire Said he had a lot of them—references from President McKinley on down Then he appeared to get a little warm under the collar and shouted 'References' Why yes, I had 'em No d—man in this state had as good references as I had—from McKinley on down I had 'em—but they burned up

He was told that his case couldn't be handled, but that he would be given breakfast He said he didn't care for breakfast A citizen then came in and the old gent slipped out

Real Confidential.

All through his conversation he would tap the charities man on the knee Occasionally he would lower his voice as if he was going to say something confidential, get close to the superintendent, tap him on the knee and continue his story

Left Town All Right.

This morning when the south bound Katy train pulled out of Ada, Mr Reed with his suit case and a copy of the Evening News, boarded the covered cars and left the city Can't tell—he's liable to come back through here again soon on his way back to Oakland.

## TYROLA DESTROYED BY FIRE

The City Insured Last Wednesday and Gets Burned Up This Wednesday.

The general store of D L Lunsford at Tyrola was totally destroyed by fire Wednesday morning at 10 30 o'clock There was no one in the store at the time of the fire, Mr Lunsford and his stove customers having gone down to the depot The former to look after some expected express and the latter to see the train come in maybe It is thought that the fire must have started in some manner from the stove or the flue When discovered such headway had been reached that no one could enter The proprietor reports the total loss of about \$1,800, fifty dollars being in money

There was \$750 00 insurance on the business written by Insurance Agent Otis Weaver in the Niagara Insurance company The policy was only issued a week ago Mr Weaver was on the train yesterday through Tyrola and when it stopped, he walked across the aisle to view the store building on which he had lately placed insurance About that time the walls of the building tumbled in and in less than five minutes, Mr Lunsford was on his way to Ada to see about his insurance

This was the only general store in Tyrola, there is left a small drug store

The News extends sympathy to Mr Lunsford for he will evidently be quite a loser Also, Otis Weaver deserves sympathy in seeing the only country store risk on his insurance books, written only a week ago, burning up "before his eyes"

## THE CAUSE OF COLDS.

Good Advice Regarding the Prevention of Coughs and Colds.

If people would only fortify and strengthen the system, the majority of cases of coughs, colds and pneumonia might be avoided These troubles are frequently due to weakness, which produces a catarrhal condition of the mucous membrane, which is an internal skin of the body When this skin is weakened it becomes easily infected with germs which cause many of the diseases to which flesh is heir Healthy mucous membranes are essential safeguards of the body's general health

An excellent aid in the prevention of coughs, colds, pneumonia and such like infectious diseases is a remedy that will prevent or cure catarrh

We have a remedy which we honestly believe to be unsurpassed in excellence for the prevention of coughs, colds and all catarrhal conditions It is the prescription of a famous physician, who has an enviable reputation of thirty years of cures gained through the use of this formula We promise to make no charge for the medicine should it fail to do as we claim We urge everybody who has need of such a medicine to try Rexall Muc-Tone

It stands to reason that we could not afford to make such statements and give our own personal guarantee to this remedy if we were not prepared to prove the reasonableness of our claim in every particular and we see no reason why any one should hesitate to accept our offer and try it We have two sizes of Rexall Muc-Tone, prices 50 cents and \$1 00 Sometimes a 50 cent bottle is sufficient to give marked relief As a general thing the most chronic case is relieved with an average of three large bottles You can obtain Rexall Remedies in Ada only at our store—The Rexall Store The Gwin & Mays Drug Co West Main St

# MUCH MONEY IN HERB MEDICINE

NEGRO AT KANSAS CITY "DOCTORED" SWOPE FAMILY.

Tells How He Received \$10,000 to \$20,000 in Eight Years for His Services.

Kansas City, Feb. 17.—How Chase Jordan, a colored man of Kansas City Kan., who advertises himself as "minister of medicine, medical doctor and doctor of liver and gall-stones," an administrator of herb treatments compounded by himself, obtained \$10,000 to \$20,000 in about eight years for doctoring members of the Swope family, was told by the doctor here Wednesday. He was called to give a deposition in the slander suit brought by Dr. B. C. Hyde against John G. Paxton, executor for the Swope estate.

The doctor's name was first brought into the Swope case when Mrs. B. C. Hyde issued a statement expressing confidence in her husband's innocence and saying that Christman Swope used Jordan's remedies. Jordan gave his deposition after much protest, as he claimed his ministering to the Swope family had nothing to do with the case.

Chews 'em Himself.  
Jordan testified that his medicines were harmless, "yarns" as he called them. He said they were compounded from roots and herbs obtained in foreign countries and dug in the woods in this country.

"But how could you tell whether these herbs were poisonous or not," Attorney Frank P. Walsh asked him. "Why, that's easy," replied Jordan. "I'd chew 'em if they didn't hurt me, certainly they weren't poisonous and certainly they wouldn't hurt my patients. That's the theory I work on."

The herb man claims to be a South American. He was raised by a negro named Eli Jordan in Texas. There is no record of his having a physician's license in Kansas.

# TWO MORE IMPLI- CATED IN SCANDAL

NEW YORK REPUBLICAN SCANDAL INCREASES.

Governor Hughes Orders Sweeping Investigation of State Land Frauds.

Albany, N. Y., Feb. 17.—Names of two men, one living and one dead, and both prominent for years in the ranks of the republican organization, were dragged into the Alldis-Conger legislative scandal today. Jean LaRue Burnett is the one who is dead. Louis Bedell of Newburgh is the other.

This was the most sensational of a series of revelations which kept the fifty members of the state senate and 500 auditors spellbound for more than two hours. This was the first of a string of explosions which is expected to follow the decision of the national and state republican leaders that the present trial of Jotham P. Alldis for bribery, and the coming investigation of the legislature during the days of the "black horse brigade," must be unhampered and unchecked, no matter how disastrous the disclosures may be to the republican party.

Tense as it has become, the situation in Albany just now resulting from the investigation fever was heightened this evening by the decision of Gov. Hughes to have a sweeping investigation of the forest, fish and game department, with especial reference to the alleged frauds in the acquisition of state forest lands.

Amid a silence which would have made a pin-drop seem like a crash, Senator Conger swore that Assemblyman Burnett agreed to make amendments, and did make them, to a highway bill which the bridge interests were eager to have passed. Mr. Burnett, dead since 1907, was one of the most influential men in the legislature. He was a protégé of the late Senator Raines and was in training as successor to Mr. Raines as republican leader of the senate when death came to him.

Senator Conger also spread on the record an indirect statement that Mr. Burnett was one of the two men who are alleged by Senator Conger to have accepted bribes of \$4,000 and \$1,000 in conjunction with Senator Alldis as the price of "killing" in the all-powerful price committee a highway bill, which, unlike the one alleged to have been amended by Mr. Burnett, was feared by the bridge interests. This bill was killed.

Portland, Ore., Feb. 17.—From what can be learned here tonight, Francis J. Heney, special prosecutor for the government in the land fraud cases here, has reconsidered his declaration to run for governor of California. After denying he would be a candidate, Mr. Heney hurriedly left tonight for San Francisco "to confer with somebody." It was all he would say. It is said Heney will look over the situation as it appears to independent ticket backers, such as Rudolph Spreckels and the anti-grafting element, and if things appear favorable he will accept the proffered candidacy.

## HAD OTHER USE FOR CLOTHES

Wife's Admitted Purpose Probably Didn't Add to Hubby's Enjoyment of the Evening.

There's at least one little nub of a man over on the West side who jumps through doughnuts when his wife's around. She is a large person with definite opinions about any given thing and she can give him one look and wither him up like dried beef.

Not long ago this man and his wife were invited out to dinner. She went early in the afternoon, and he was to go home from the office, change his clothes and get around to the scene of the dinner festivities as soon as he could.

When he started to dress he ran across a large pasteboard box in a clothes closet containing a black sack suit that he hadn't seen for months and which his wife had told him was lost or stolen. He decided to surprise and delight her by wearing that suit and showing her that the lost was found.

Well, here's what happened, according to eye witnesses—and this is one of those true ones. His wife gave him a cold-storage look and inquired right sharply where he got that suit. He told her.

"And after this," says she raising her voice to its height, "don't you wear clothes that have been put away without asking me. I was saying that black suit for your funeral."—Cleveland Plain Dealer

## HARD TO REGULATE READING

Normal Boy and Girl Have Tastes Which They Should Be Allowed to Indulge.

Much nonsense has been put forth about the regulation of children's reading. This is a late day to attempt a rigid censorship of an unbroken literary acquaintance, and as for leading him, there is probably no method better than that of our grandfathers—to turn him loose in a man's library and let him taste its strong fare. For the rest, any normal boy ought to relish the absurdities of the dime novel, and any natural girl ought to be able to wallow in the sentimental fairy tale. Blood-curdling adventure is as necessary to the diet of the one as sugary romance is to that of the other. Even the watery pap provided by the average Christmas book or in the pages of the ordinary children's publications, probably does little harm if less good to the adolescent morale.

But we have a class of writers "for youth" whose influence is really demoralizing. It is their postulate which the comic supplement develops to the point of nausea. We mean that order of scribbling parasites who make a business of flattering children into the belief, or the "working hypothesis," that they are wiser and better than their elders.—New York Post.

## The Moor and His Horse.

The horsemanship of the Moors is primitive and entirely successful, says the London Speculator. A Moor never walks when he can ride, and never by any chance gets off to ease his beast. How a Moorish pony would have chuckled at the weary walks enforced on tired men by well-meaning cavalry colonels in South Africa: "I don't think much of animals that can't carry 15 stone 15 hours a day; I must be a really superior kind of beast."

The Moorish (and Goumler) horse always spends his night in the open; he is never groomed nor clipped; his youth is passed wandering untended over the vast fields. When in work he gets all drink before his feed in the evening. From 7 a. m. to 7 p. m. he expects to work and to work hard without bite or sup. His saddle is a wooden tree superimposed on at least half a dozen folded blankets, the thickness of which often reaches six inches, and he never gets a sore back.
